STUDENT ACTIVITIES

Freshman Class

"EACH student must report to the University on September 19, 1956 between 9:00 a.m. and 4:00 p.m. for registration.

After guidance from Miss Toomey, most of us discovered the delights of suburban living in Irvington. After becoming duly registered, we assumed our humble positions as Freshmen at the B. C. D. S. After a hearty welcome from Dean Aisenberg, we heard that we are a "select group." While biding our time till the "splash of cold water" on Monday, September 24, we took advantage of the "cultural advantages" of Baltimore.

After getting our full quota of "gas" that first week, we finally had time to see exactly who was in this "select group," and discovered that it was a very cosmopolitan assemblage, with 25 states and two territories represented. The South had many delegates, with 28 from Maryland and 19 from West Virginia. However, the 15 from New England promptly assured everyone that the correct pronunciation is "Baaston." We also discovered that 30 of the

group have no worries about laundry and lunches, and another 34 have an ample supply of "war stories" to tell. Academically, three have the master's degree, 50 are sporting the bachelor's degree, 28 attended college for three years, and 22 were undergraduates for two years.

The past few months have been rather hectic for the 1956-1957 Freshmen, but among the countless things they have learned, there is one reaction they'll never forget:

Exams

Gas!

Upperclassmen

President: Hulon E. Beasley, Baltimore.

Vice-President: Theodore J. Noffsinger, Jr., Gaithersburg, Md.

Secretary: Martin L. Mays, Camden, S. C.

Treasurer: Irwin R. Weiner, Akron, Ohio.

Historian: Anthony J. Regine, Providence, R. I.

Sergeant-at-Arms: George W. Struthers, Jr., Charleston, W. Va.

Student Senate Representatives: David M. Soloman, Morganville, N. J.; Martin Levin, Baltimore.

Sophomore Class

One fourth of our dream has come true and the mental anguish over histological studies, anatomical structures and biochemical formulae is but a shadow of the past in our memories.

After a three-month reprieve for summer vacation we returned to the B. C. D. S. as proud Sophomores with bacteria, hares and tortoises, and "gunk" as new challenging obstacles to overcome.

On October 26 the class enjoyed a most pleasant evening of laughter and music at our first beer party held at the Deutsches Haus. Others like it are scheduled. With eager hearts and joyful anticipation we are looking forward to our main social event, the class dance, which will be held on February 16 at the Gwynn Oak Ballroom.

Several have recently entered the state of wedded bliss. Among the happy bridegrooms are Don Stegman, Chet Richmond, and Orlando Skaff. Our sincere congratulations go to Tony Sollazzo and Bill Pralley who have become proud papas!

President: Clifford Warner, Waterbury, Conn.

Vice-President: Daniel J. Sullivan, Newport, R. I.

Secretary: E. Gerard Keen, Farmington, Conn.

Treasurer: Jerome Schwartz, Baltimore.

Historian: Elizabeth H. Noa, Miramar, P. R.

Sergeant-at-Arms: Joseph B. Dietz, Wilmington, Del.

Student Senate Representatives: William F. Dombrowski, Baltimore; James F. Sproul, Shadyside, Ohio.

Junior Class

Approximately forty members of the Junior Class remained in Baltimore for the summer session to get acclimated to the new clinical procedures, while the remainder of the class returned for the early clinic sessions held during the week before registration.

It is in the Junior year that we shall put to use all the theories and procedures learned in our lecture and laboratory periods. The many "firsts" that happen to us will be remembered for a long time—our first patient, the exposure that, of course, was carious, the first time we missed centric. These, however, are all valuable lessons that help us become better clinicians.

Our class looks forward to the next two years with anxiety but with assurance of success.

President: Benedict S. LiPira, Baltimore.

Vice-President: Robert Goren, Baltimore.

Secretary: Gerald F. Hoffman, Hamden, Conn.

Treasurer: Thomas H. Birney, Beverly Hills, Calif.

Historian: Ivan L. Starr, Bayonne, N. J.

Sergeant-at-Arms: Martin R. Crytzer, Baltimore.

Student Senate Representatives: F. Lee Eggnatz, Miami, Fla., and William H. Neilund, College Park, Md.

Senior Class

September, 1956, marked a beginning and an end for us, the class of 1957: the beginning of our senior year, which many of us thought nev-

er to see, and the end of the long climb to get there. Looking back, it's hard to believe that so much could have been packed into a three-year span, or that three years could pass so quickly. With the ending of our junior year came the realization that in a comparatively short time we would be on our own with no one to answer again the questions previously answered in the classes through which we slept. Possibly this is one of the reasons that nearly all of us elected to spend the summer working in the clinics. Another, of course, is so that we can push forward that long awaited day when we get signed off on the last of our senior requirements. Progress to this end thus far seems a little slow, but a recent poll of the class indicates a trend to greater hustling after the Christmas holidays.

Gorgas Odontological Society

The Gorgas Odontological Society held its first monthly meeting at the Xi Psi Phi house. The guest lecturer was Dr. A. Bernard Eskow. A select group of slides and choice words of advice helped to impress us on the

subject of "The Early Signs and Symptoms of Periodontal Disease."

The November meeting was held at the Roma Restaurant located in the well-known section of town referred to as "Little Italy." Following a most palatable dinner of spaghetti our newly acquired Junior members were initiated. As guests of the evening, the organization had two highly esteemed faculty members present. Dr. Kyrle W. Preis, Professor of Orthodontics, acted as toastmaster for the occasion and Dr. Joseph P. Cappuccio enlightened the members on the subject of "Modern Drug Therapy in the Dental Practice."

It is the aim of Gorgas to aid its members in gaining further knowledge of the varied phases of the dental profession through lectures, visual aids and demonstrations. A preview of the coming meetings indicates great progress in attaining this goal, with many excellent speakers listed on the agenda.

President: George W. Waxter, Baltimore.

Vice-President: Bertrand S. Dann, Baltimore.

Secretary: Roy C. Page, Campobello, S. C.

Sigma Epsilon Delta

During the first few weeks of the year the brothers banded together to completely redecorate the fraternity house, which now is ready for the many house parties and Sunday breakfasts planned for the remaining

months of the school year. So far, the fraternity has held a house party and a Sunday breakfast, the latter in conjunction with the gracious wives of its alumni.

A highlight of the fall season was the formal dinner-dance at the Emerson Hotel honoring Dr. Bernard Eskow, retiring president of the Baltimore Graduate Chapter. An informal dinner-dance, always enjoyable to those attending, will be held in February.

The SED bowling team has got off to a fine season and as the year progresses we look forward to a great many more fraternal affairs and activities.

We wish our neophyte alumni the best of luck in their tour of duty with Uncle Sam and thank them for their continual contacts with the house.

Historian: Howard Schwartz, Kearny, N. J.

Psi Omega

Refreshed by a summer vacation of varying degrees of inadequate length, we undergraduate Psi Omegas returned to Baltimore hoping to make this another big year for Alpha Chapter. The social circle was soon in full swing, with the annual Sadie Hawkins Day and Halloween parties as high points. On November 19 our fall class of pledges was initiated with the traditional steak dinner plus all the trimmings at the House of Welsh followed by ceremonies at 208

E. Biddle Street. The evening was topped off by a beer party for the new initiates.

Our big social event this year will be a Beaux Arts Ball to be held on February 2 at Lithuanian Hall. Bill Maisel and his band, who have provided the music at many of the school dances, will create the mood for this gala affair. Garish and grotesque costumes will be the order of the day with ten and five dollar cash prizes for the weirdest looking couples. We hope to make this the smash social event of the year.

Grand Master: Frank Verdecchia, Baltimore.

Junior Grand Master: William Ruppert, Baltimore.

Secretary: John Mueller, Okmulgee, Okla.

Treasurer: Ernest Merkle, Baltimore.

Historian: Walter Hall, Quincy, Mass.

Alpha Omega

The Zeta Mu Chapter of Alpha Omega has advanced markedly in all phases of fraternity life. Seven Juniors were initiated into Gorgas Odontological Society and two fraters had their names placed on the School's Honor Roll. We are continuing our custom of holding Big Brother Meetings with our alumni.

We held two highly successful house parties. Plans are being made for a New Year's Eve Party and we are looking forward to our annual Alumni Dinner-Dance which is to be held in mid-February.

We won the School's bowling tournament and placed third in the softball tournament. This year we entered two teams in the bowling league.

We recently adopted a new constitution for our chapter. Our chapter received the Alpha Omega Efficiency Award, awarded yearly to the undergraduate chapter which is deemed to be superior in the control of its affairs.

Xi Psi Phi

Brother Nick Passarelli and his program committee deserve our hearty appreciation for the highly successful string of events of the past half year. The excellent turnout at every function speaks well for the effort and enthusiasm with which they have planned and schemed for the enjoyment of all Zips.

As we approach the second half of the scholastic year, our minds turn to the wily thought someone placed on the bulletin board of the Operative Clinic: "How much time do you have before all hope of success passes you by?" The suspicious seniors feel that this thought-provoking adage was aimed at them, but it certainly offers food for thought for all.

A plug for the annual Jazz Concert is in order. The band has already held several practice sessions and, with the excellent possibility of many more good musicians added to the combine, the "School event of the year" looms as an even greater suc-

cess than last year's. It will be held on March 2 at the Moose Lodge, 418 W. Fayette St.

President: Philip P. Nolan, Baltimore.

Vice-President: Orie N. Passarelli, Paterson, N. J.

Secretary: Angelo M. Repole, Trenton, N. J.

Treasurer: Fred H. Koeniger, Rochester, N. Y.

Editor: Joseph A. Croteau, Chicopee Falls, Mass.

Newman Club

The newly organized Newman Club of the School of Dentistry held its first Communion Breakfast on Mother's Day. A group of eighty-five, which included alumni and members of the faculty, attended the ten o'clock mass at the Cathedral. Following the mass they enjoyed a very pleasant breakfast at the Hotel Stafford. The guest speaker was Dr. James H. Ferguson '15, a Past President of the American College of Dentists. Among the other honored guests at the head table were Dean Myron S. Aisenberg '22, Dr. Daniel E. Shehan '22, Father Goush, Chaplain of the Johns Hopkins Newman Club, Father Forrester, assistant to Father Goush, and Father McCrory, who will act as temporary Chaplain of our Club. Philip D. Marano '56 did an excellent job as master of ceremonies. The success of this initiatory program proved to be a good indication of the future strength and value of the Club.

The first officers of the Club were elected at a meeting held on November 16. On December 16 the Club's first Communion Breakfast of this academic year will be held in the

Loyola College Cafeteria following nine o'clock mass in the Chapel of the College.

President: Anthony F. Micelotti, Framingham, Mass.

Vice-President: Anthony J. Regine, Providence, R. I.

Secretary: Barbara L. Greco, Newark, N. J.

Treasurer: E. Gerard Keen, Farmington, Conn.

Section Representatives: Freshmen, Thomas J. Cronin, Atlantic City, N. J., and James V. Picone, W. Boylston, Mass.; Sophomores, Adolph A. Cura, Arlington, Mass., and Daniel J. Sullivan, Newport, R. I.; Juniors, Richard C. Georgiades, Sarasota, Fla., and Paul M. Morita, Seabrook, N. J.; Seniors, Eugene J. Messer, W. Springfield, Mass., and Frank J. Verdecchia, Baltimore.

THE 1957 MIRROR STAFF

The editorial staff for the 1957 *Mirror* was appointed in September. Under the direction of Joe Croteau, the several departmental editors have been making good progress. Planning procedures were adopted in October and most of the sections will be ready by the preliminary deadline of February 1. The staff is determined to publish a volume that will be accepted by the students of all the classes as an outstanding publication worthy of being placed beside its many excellent predecessors.

INTERFRATERNITY COUNCIL AWARD

The first presentation of the Interfraternity Council Award was made at the Precommencement Exercises held at the Lord Baltimore Hotel, June 8. Philip Norris, of Baltimore, was the first recipient of the Award.

The Award will be presented annually to the member of the graduating class designated by his classmates as "outstanding in his contribution to student activities." The Council gave to the School a plaque upon which is engraved this citation: "Presented to the member of the graduating Class who has rendered the most valuable service by his contribution to student activities." The name and the class of each recipient will also be placed on the plaque.

The Interfraternity Council is composed of nine members. The membership includes the president and another representative from each of the four fraternities and one representative from the Student Senate.

Replicas of Fauchard's Obturators

MUSEUM ACQUISITIONS

Three replicas of obturators described by Pierre Fauchard in his *Le Chirurgien Dentiste* were recently donated to the School's Museum by Mr. G. Ward, a dental technician of York, England. Mr. Ward, having heard of the fine collection of prosthetic devices in the Museum of the world's first dental college, was prompted to make a valuable and interesting addition to the collection.

The Museum is an important adjunct to the teaching facilities of the School. From its founding in 1840 the Baltimore College of Dental Surgery has been the fortunate recipient of hundreds of valuable items from contributors who have regarded the oldest dental college in the world as the most suitable repository for the preservation of dental objects of historical interest. These are arranged by subject to illustrate the progress of the profession in the several areas of practice. Besides its valuable function in affording the students a readily accessible chronological progression of instruments and devices, the Museum renders an important service to the profession by making available to a large number of visitors its exceptionally fine collection of art and literature.

FACULTY ACTIVITIES

(This is a report on the varied activities of the faculty members during 1956.)

Dr. Myron S. Aisenberg, Dean, appeared on several programs: January 16-17, "Oral Malignancies" and "Oral Syphilis," Rhode Island State Dental Society, Providence; February 15, "Oral Tumors," Southern New Jersey Dental Society, Camden; February 20, "Tumors That Have Metastasized to the Jaws," New York Institute of Clinical and Oral Pathology, New York City (published in *Oral Surgery, Oral Medicine, and Oral Pathology* of November); March 21, "Benignant and Malignant Oral Tumors," V. A. Hospital, Baltimore; April 4, "Oral Malignancies," U. S. Naval Hospital, Philadelphia; April 21, "Histopathology of Ameloblastomas," Cameron Club, Philadelphia; June 11-13, "Benign Oral Tumors," "Malignant Oral Tumors" and "Odontogenic and Non-odontogenic Cysts of the Jaws," V. A. Hospital, San Juan, P. R.; September 12, "Oral Cancer," Harrison County Dental and Medical Societies, Clarksburg, W. Va.; October 15, "Oral Cancer" V. A. Hospital, Richmond, Va.; October 24, "Oral Surgery for the General Practitioner and Related Oral Pathology," Georgia Dental Association, Savannah; and November 21, "Malignancy in and about the Oral Cavity," V. A. Hospital, Philadelphia. Dr. Aisenberg also attended the meetings of the Research Committee of the American College of Dentists in St. Louis on January 28 and of the International Association for Dental Research-American Association of Dental Schools in St.

Louis, March 25-29. On November 1, he addressed the Rotary Club of Hampstead, Md. on "Dentistry."

Dr. Wilbur O. Ramsey, Associate Professor of Dental Prosthesis, gave a series of three lectures to the Maryland Dental Assistants Society and spoke before the Phi Delta Chi fraternity on "A Physiologic Basis for Hypnotic Therapy." He also appeared on several dental society programs: March 1, "Microtrauma and the Temporomandibular Joint," National Alumni Association; October 3, "Viewpoints on Hypnosis" (moderator of panel discussion), A.D.A. Meeting; October 12, "Practical Aspects of Denture Construction," Shenandoah Valley Dental Association, Charlottesville, Va.; November 20, "Integration of Newer Concepts into Prosthetic Denture Service," Lancaster County Dental Society, Lancaster, Pa. Dr. Ramsey attended the Conference on Teaching of Dental Materials held at the Northwestern University Dental School, October 23.

Dr. Conrad L. Inman, Instructor in Anesthesiology, appeared on three programs: in April, "Everyday Oral Surgery," Piedmont Section of the South Carolina Dental Society; October 2, "Handling Acute Infection and Dry Sockets," A.D.A. Meeting; October 24, "Everyday Oral Surgery," Georgia Dental Association, Savannah.

Dr. Kenneth V. Randolph, Professor of Operative Dentistry, presented five papers: January 18, "Esthetics in Operative Procedures," Rhode Island State Dental Society, Providence; March 2, "Gold Inlays in

Everyday Practice," National Alumni Association; April 2, "Unorthodox Cavities," Regular Army Dental Officers, Walter Reed Institute of Research and "Esthetics in Operative Procedures," Dental Staff, Walter Reed Army Medical Center; October 8, "Amalgam Restorations," Hartford (Conn.) Dental Society. He also presented a projected clinic on "Special Phases of Amalgam Procedures," before the Rhode Island State Dental Society and at the Walter Reed Institute of Research. Dr. Randolph participated in a panel discussion on "New Concepts of Tooth Cutting," Rhode Island State Dental Society, and was the moderator of two other panel discussions: "An Evaluation of Recent Methods of Cavity Preparation on Natural Teeth," Maryland State Dental Association, and "Practical Aspects of High Speeds in Dentistry," Alpha Omega All-Day Meeting, Washington, D. C. He attended the meetings of the American Association of Dental Schools, the American Academy of Gold Foil Operators, and the American Dental Association.

Dr. Robert H. Oster, Professor of Physiology, was elected to the Graduate Council as a representative of the Health Sciences and is Chairman of the Committee on Foreign Language Requirements. He attended the meetings of the American Physiological Society, at Atlantic City, April 16-20 and the general physiology sessions in September at Woods Hole, Mass.

Dr. E. Roderick Shipley, Assistant Professor of Physiology, is serving as the Medical Director of TV.M.D. presented over WBAL-TV each Sunday afternoon; and is a delegate of the Baltimore City Medical Society to

the Medical and Chirurgical Faculty of Maryland. He attended the American Physiology Society meetings in Atlantic City in April. In October, he published an editorial on "The Problem of the Intestines" in the *Bulletin of the School of Medicine*; and in November presented an afternoon lecture-seminar on "Industrial Medicine for the Generalist" to the Delaware Academy of General Practice Postgraduate Course in Basic Physiology, Wilmington. He attended the annual meeting of the Southern Medical Society at Washington, D. C.

Dr. Burton R. Pollack, Assistant Professor of Physiology, gave several lectures: January 15, "Dentistry As a Profession," A.Z.A. Youth Group, Baltimore; February 17 and 24, "The Control of Dental Pain," and "The Law and the Dentist," Sigma Epsilon Delta fraternity, Wilmington, Del.; October 17, "The Control of Dental Pain," S.E.D. fraternity, Philadelphia, Pa.; October 29, "The Control of Dental Pain," S.E.D. fraternity, Providence, R. I.; November 14, "The Law and the Dentist," S.E.D. fraternity, Newark, N. J.; December 6, "The Law and the Dentist," Gorgas Odontological Society.

Mrs. Leah M. Proutt, Assistant in Physiology, attended the meeting of the Federation of American Societies for Experimental Biology held in Atlantic City in April. At this meeting Mrs. Proutt presented a paper on "Basic Physiologic Studies in Normal Children Following Mild Chlorpromazine Sedation" by J. D. Buxbaum, L. M. Proutt, F. Ehrlich, and R. H. Oster, of the Departments of Physiology and Pedodontics. Mrs. Proutt also attended the Twentieth Interna-

tional Congress of Physiology held in Brussels, Belgium, in August.

Dr. Jose E. Medina, Associate Professor of Operative Dentistry, presented two papers: March 1, "The Prevention of Failures in a Complex Class II Amalgam Restoration" (with movie), before the National Alumni Association; and April 19, "Anterior Teeth Restorations" (with slides and short movie), before the Piedmont District of the South Carolina State Dental Association, at Anderson. He attended the meeting of the American Academy of Gold Foil Operators, held in Philadelphia, September 28-29 and was appointed Chairman of the Literature Committee. He also attended the meeting of the Woodbury Gold Foil Study Club held in Omaha, Nebraska, November 18-20. Dr. Medina is Secretary-Treasurer of Phi Chapter of Omicron Kappa Upsilon.

Dr. William E. Hahn, Professor of Anatomy, participated in the Dental Aptitude Grading Conference held in Chicago in January. In February he attended the Chicago meetings of two committees of the American Association of Dental Schools: Committee on Admissions and Committee on the Correlations of the Basic Science Courses with Clinical Instruction. He also attended the sessions of the Congress on Dental Education and Licensure and the Mid-Winter Clinics, held in Chicago. He was the Faculty's representative at the meeting of the American Association of Dental Schools and attended the sessions of the International Association for Dental Research, held in St. Louis in March. He spoke at the annual banquet of Psi Omega fraternity on "The Piltdown Man." In July he par-

ticipated in the three weeks' course on Dental Education, sponsored by the Kellogg Foundation and presented at the University of Michigan. Dr. Hahn is a member of the President's Committee on Operation, Planning and Policy for the Baltimore Union Building.

Dr. W. Robert Biddington, Associate Professor of Oral Medicine, presented a paper on "Periodontics in the General Practice of Dentistry" at the March meeting of the National Alumni Association and a clinic on "Fractured Young Permanent Teeth with Pulpal Involvement" before the Baltimore City Dental Society, December 10.

Dr. Marion W. McCrea, Professor of Histology and Embryology, in his seventh year as Secretary-Treasurer of the American Association of Dental Schools, attended the meetings of the Executive Committee at Chicago, February 5, St. Louis, March 25-28, and Atlantic City, September 30. He attended the Twelfth Congress on Dental Education and Licensure sponsored by the Council on Dental Education in Chicago on February 4, and the Mid-Winter Meeting of the Chicago Dental Society on February 7-10. He attended the meetings of the International Association for Dental Research in St. Louis, March 23-25; the American Association of Dental Schools, in St. Louis, March 25-28; and the American Dental Association in Atlantic City, October 1-4. In addition to being the Secretary-Treasurer of the American Association of Dental Schools, he served on the Association's Committee on Projects and Studies, and the Committee on Survey of Dentistry which is cooperating with the American

Council on Education and the American Dental Association in the conduct of an over-all survey of the dental profession. He represented the American Association of Dental Schools at a joint meeting of the American Dental Association, American Council on Education, and American Association of Dental Schools at which final plans were developed for the beginning of the Survey of Dentistry in early January. He also served as one of the Association's representatives to the American Council on Education. Dr. McCrea is also a member of the Board of Directors of the Fund for Dental Education, Incorporated, which has been established to interest philanthropic organizations in dental education and to establish various types of fellowships for training teachers for the dental schools. Dr. McCrea also attended the meeting in Washington, D. C., on December 13, of the Inter-Service Committee on Education for National Defense, which met for the purposes of establishing programs of instruction in emergency and disaster casualty care, and for developing means whereby Federal funds can be made available to the participating dental schools. He is in his twelfth year as Deputy Councilor of Alpha Chapter of Psi Omega Fraternity, third year as Leader of the Great Books Discussion Group at the State Teachers College of Towson, and second year as a member of the Board of Trustees of the First Unitarian Church of Baltimore City.

Dr. D. Vincent Provenza, Associate Professor of Histology and Embryology, joined the faculty in July of 1955 after having been associated with the Biology Department and the

Graduate School of Loyola of Baltimore. In April of 1956, because of his research in the field of chinchilla breeding, Dr. Provenza was called in as Consultant in Zoology by the State's Attorney's Office. Dr. Provenza was selected as faculty advisor to the Newman Club of the Dental School.

Dr. Donald E. Shay, Professor of Bacteriology, presented a paper on "Correlation of the Basic Sciences with Clinical Practice." Dr. Shay was elected the Maryland representative of the National Society of American Bacteriologists.

Dr. Douglas J. Sanders, Associate Professor of Pedodontics, is a member of the Executive Council of the Maryland Unit, American Society of Dentistry for Children and was a delegate of the Unit to the Society's annual meeting held at Atlantic City, September 28-30, at which Dr. Sanders and Dr. Fred Ehrlich, Instructor of Pedodontics, presented a clinic on "Pedodontics at the Baltimore College of Dental Surgery, Dental School, University of Maryland." Dr. Sanders is a member of the Society's Committee on Schools and Dental Boards. He is also a member of the Committee on Public Health and Information of the Baltimore City Dental Society and of the Program Committee of the Maryland State Dental Association. At the December meeting of the Baltimore City Dental Society, Dr. Sanders and Dr. Ehrlich gave a clinic on "Pedodontics for the General Practitioner." In October Dr. Sanders spoke before the Patapsco Council, Knights of Columbus on "Your Child's First Dental Appointment." Dr. Sanders is a consultant

to the Cleft Palate Clinic, Johns Hopkins Hospital.

Dr. Fred Ehrlich, in addition to collaborating with Dr. Sanders and with the Physiology group in the presentation of two clinics and a paper, lectured to the Baltimore City Dental Assistants Society on "Pedodontics."

Dr. Edward C. Dobbs, Professor of Pharmacology and Therapeutics, appeared on the programs of four dental societies: January 17-18, Rhode Island State Dental Society; March 2, National Alumni Association; November 19, Anne Arundel County Dental Society, Annapolis, Md.; Washington County Dental Society, Hagerstown, Md. He lectured at the U. S. Army Postgraduate School, Washington, D. C., April 16-17 and to the Baltimore City Dental Assistants Society, April 6 and May 3. Dr. Dobbs is a Councilor of the International Association for Dental Research; Vice-Chairman of the Section on Pharmacology of the American Association of Dental Schools; Chairman of the Baltimore Division, Sigma Xi; Chairman of the Program Committee, Maryland State Dental Association; member of the Research Committee, American Academy of Dental Medicine; Consultant, U. S. Army Postgraduate School; member of the Formulary Committee, Maryland Pharmaceutical Association, and member of the Nutrition Committee of the Baltimore Chapter, American Red Cross. On February 24 he participated in a Baltimore radio program sponsored by the Red Cross.

Dr. Norton M. Ross, Instructor in Pharmacology, spoke before the 4 and 20 Club on "Modern Dentistry and Oral Hygiene" and before the

Liberty Cooperative Nursery Association on "Dentistry and Home Care for Children." He is a member of the Table Clinics Committee of the Maryland State Dental Association. Dr. Ross presented a clinic on "Modern Antibiotic Therapy in Dental Practice" at the October meeting of the Maryland Dental Society.

Dr. Joseph P. Cappuccio, Associate Professor of Oral Surgery, served as Chairman of the Conference on Oral Surgery at the American Association of Dental Schools meeting in St. Louis, March 24-27. A charter member of the American Dental Society of Anesthesiology, he served as temporary Chairman of the organization meeting of the Maryland Dental Society of Anesthesiology and was elected Vice-President. Dr. Cappuccio was a Delegate from Maryland to the A.D.A. meeting in Atlantic City. He became a Fellow of the American College of Dentists at the Convocation held on September 30. Elected Secretary of the National Alumni Association in March, Dr. Cappuccio served as toastmaster at the Association's Breakfast in Atlantic City, October 2. He was elected Junior Grand Master of the Oriole Alumni Chapter of Psi Omega and was the Chairman of the Committee on Entertainment for the annual May meeting of the Maryland State Dental Association. Dr. Cappuccio presented three papers: September 28, "Common Lesions of Bone," American Society of Oral Surgeons, New York City; November 1, "Problems of Surgery in the General Practice," Columbia (S. C.) Dental Society; and in November, "Modern Drug Therapy in the Dental Practice," Gorgas Odontological Society.

Dr. Ethelbert Lovett, Lecturer in Ethics, was Chairman of the Spring Enrollment Campaign of the Baltimore Central Y.M.C.A. Dr. Lovett served as Chairman of the Committee on Auxiliary Dental Services of the American College of Dentists.

Dr. Kyrle W. Preis, Professor of Orthodontics, presented an essay and clinic on "Childhood Dental Problems Affecting Facial Development and Dental Occlusion," Rhode Island Dental Society, January 17 and the Richmond (Va.) Dental Society, February 16. On February 1, he participated in a panel discussion of "Childhood Dental Problems" at the Greater Philadelphia Meeting. He also presented an essay and clinic on "Orthodontics, Diagnosis and Therapy" at the meeting of the National Alumni Association, March 1. On February 21, Dr. Preis spoke before the Westchester Parent-Teacher Association on "Childhood Habits Which Affect Facial Development." In March he was elected Editor of the National Alumni Association and in November he was elected to membership in the New York Academy of Dentistry. As President of the Maryland State Dental Association, Dr. Preis attended the Centennial Celebration Meeting of the Michigan State Dental Association held in Detroit, April 15-19. He presented a beautifully colored, hand-scrolled Commemorative Certificate from the Maryland Association to the Michigan Association, the oldest state dental organization in continuous active existence in this country. Dr. Preis attended the A.D.A. Meeting as Alternate Delegate from Maryland.

Mr. Gardner P. H. Foley, Professor of Dental Literature and Dental

History, was elected to a third term as Second Vice-President of the University of Maryland Chapter of the American Association of University Professors, representing the Baltimore Division of the University. He spoke at the annual dinner of the Gorgas Odontological Society on "Dental Lore" and at the annual dinner of Alpha Omega fraternity on "Postprandial Jocundities." At the Maryland Night meeting of the Southern New Jersey Dental Society, held in Camden on February 15, he spoke on "Dental Anecdotes." Mr. Foley addressed the Lions Club of Baltimore, November 13, on "Highlights of Dental History." At the annual meeting of the American Academy of Dental History held in Atlantic City, he presented a paper on "Shakespeare and Dentistry." He contributed several items to this *Journal* and to *Maryland Magazine*.

Your Alumni Association

As a graduate of your alma mater you automatically become a member of a great alumni family and the heir to a great tradition of professional accomplishment. The founders of the Baltimore College of Dental Surgery thought well and worked hard to establish the world's first dental college. Beginning with the first commencement in 1841, when the graduating class numbered only two, there have been over 8,000 graduates—3900 of whom are listed among our living alumni.

You, as an alumnus of the B. C. D. S., possess a proud heritage, an affiliation with the historic School that symbolizes the birth of formal dental education. Let each one of us be grateful for the distinctions bestowed upon us not only as members of a great profession but also as graduates of a great School of Dentistry. In appreciation of our good fortune, let us give a good measure of effective support to our Alumni Association. Join your Association: give to it your financial help and the allegiance that comes from the heart.

Dr. Preis Presenting Certificate to Dr. Walmoth.

Dr. Kyrle W. Preis '29, as President of the Maryland State Dental Association, was the official representative of the Association at the Centennial Celebration of the Michigan State Dental Association held in Detroit, April 15-19. Dr. Preis pre-

sented to Dr. Raymond W. Walmoth, President of the Michigan Association, a beautifully colored, hand-scrolled Commemorative Certificate as a gift from the Maryland Association.

ALUMNI BREAKFAST IN ATLANTIC CITY

Two hundred and twelve alumni attended the sixth in the series of annual breakfasts arranged by the National Alumni Association and held in conjunction with the American Dental Association meetings. The attendance was the largest for any alumni meeting held outside of Baltimore and was certainly a demonstration of alumni loyalty at its very best. The officers and those other alumni responsible for the arrangements deeply appreciate the fine support that so many gave—and at such an early hour—to their efforts in making the Atlantic City affair a high-water mark in enthusiastic attendance.

The local arrangements were handled by a very efficient committee: Ben Brown '28, Chairman, Milton Asbell '38, and Charles Jonas '38. The Association congratulates these men for their efforts in making the Breakfast an overwhelming success.

Although the committee had secured the largest room available—

the American Room at the Traymore—there was not enough room to accommodate all of the alumni who wished to attend. It was indeed unfortunate that at least 100 alumni and their guests had to be turned away because of space limitations.

Seated at the head table were the four graduates who are now serving as Deans of dental schools: J. Ben Robinson '14, Dean Emeritus of the B. C. D. S. and the present Dean of the West Virginia University Dental School, Frank Houghton '17, Dean of the Loyola University (New Orleans) Dental School, Harry McCarthy '23, Dean of the Baylor University Dental School, and Myron Aisenberg '22, Dean of the B. C. D. S.; Robert Mills '07, retired Major General of the Army Dental Corps; George Anderson '19, first recipient of the Distinguished Alumni Award; Miss Katharine Toomey, Administrative Assistant at the School; Charles Broadrup '32, President of the Maryland State Dental Association; Mr.

A. E. Cormeny, Assistant to the President for Endowment and Development; and these officers of the Association: Frank Hurst '27, President, Daniel Shehan '22, President-Elect, Joseph Cappuccio '46, Secretary, Kyrle Preis '29, Editor, and Milton Asbell '38, Historian.

After greeting the alumni and guests, President Hurst presented Joseph Cappuccio, who acted as toastmaster. He introduced a number of distinguished alumni, including Daniel Lynch '25, Past-President of the American Dental Association, and James Ferguson '15, Past-President of the American College of Dentists. Dean Aisenberg gave a report on the School's present activities and its plans for the future. Mr. Cormeny, representing the President of the University, congratulated the alumni on the excellent character of their Association and discussed the relation of the University to its component schools. Also introduced were three members of the two oldest classes represented: Walter Green '04, Karl Heintz '05, and J. Stephenson Hopkins '05, each of whom has a remarkable record of allegiance to their alma mater and participation in alumni activities.

In the listing below are given the names, the classes and the present practice locations or service assignments of the 212 alumni who attended the breakfast. Forty-nine classes were represented, from 20 states, Puerto Rico, District of Columbia, and San Salvador.

TRIBUTE TO CHAPIN A. HARRIS

On June 8, preceding the Precommencement Exercises, five representatives of the graduating class and two members of the faculty visited Wyman Park to pay tribute to Chapin A. Harris, one of the great contributors to the progress of dentistry, by placing a wreath on his monument. The students who participated in the ceremony were Aaron J. Chmar, President; Philip D. Marano, Vice-President; Frederick T. Brennan, Secretary; Charles J. Galiardi, Treasurer; and Kenneth E. Bertram, President of the Student

Senate. The faculty representatives were Dr. Myron S. Aisenberg, Dean, and Dr. Grayson W. Gaver, Professor of Dental Prosthesis.

The plan of honoring one of the chief founders of the Baltimore College of Dental Surgery was conceived by a devoted alumnus. He has donated funds to provide an annual Harris tribute. To this sponsor, who wishes to remain anonymous, the Alumni Association expresses its deep appreciation for a fine expression of loyalty.

NEW JERSEY ALUMNI ASSOCIATION ANNUAL DINNER
Essex House, Newark, N. J.—November 17, 1956

*Dr. Louis Greenwald '25 Presenting New Jersey Alumni Award to
Dr. Frank Houghton '17.*

MEETING OF NEW JERSEY ALUMNI

The New Jersey Alumni Association held its annual dinner-dance at the Essex House in Newark on November 17. The affair was a huge success, for which Dr. Robert Jer-nick '50 and his committee merit a full measure of appreciation.

The meeting was the most impressive of the many fine New Jersey meetings because of the introduction of an important new feature of the Association's activities: the presentation of an award in recognition of

the recipient's outstanding service to the alumni. The Selection Committee, after a careful analysis of the records of members of the New Jersey Alumni group, endorsed unanimously the selection of Dr. Frank J. Houghton '17, Dean of the School of Dentistry of Loyola University of New Orleans, as the first recipient of the Award. The plaque, which was presented to Dr. Houghton by Dr. Louis E. Greenwald '25, President of the Association, bears this inscrip-

tion: Presented to Dr. Frank J. Houghton '17 in recognition of his many years of unselfish service to the dental profession and in appreciation of his devoted efforts in behalf of our alumni.

Dr. Gerard A. Devlin '23, in presenting Dr. Houghton, gave this account of his fellow alumnus: "Born in Jersey City, N. J. Dr. Houghton graduated from the Baltimore College of Dental Surgery in 1917. He is a veteran of World War I. He practiced dentistry in Jersey City from 1919 to 1951. He married Ethel M. Herrick, of Jersey City and they have two sons: Dr. James F. Houghton of Fargo, N. D. and the Reverend Francis J. Houghton of Westfield, N. J.

"Dr. Houghton headed the Dental Department at the Jersey City Medical Center from 1925 to 1951. In 1924, he was elected Secretary and in 1929, President of the Hudson County Dental Society. From 1919 to 1939 he was a member of the Board of Education in the Department of Oral Hygiene in Jersey City, during which time he was Supervisor of the Board. In 1931 he was elected Trustee to the New Jersey State Dental Society by the Hudson County Dental Society. He was elected Vice-President of the New Jersey State Dental Society in 1937; and in 1939, President.

"Many times Dr. Houghton was a Delegate to the American Dental Association from New Jersey and served as the Chairman of the Delegation for eight years. He was Chairman of the Publicity Committee of the American Dental Association. From 1944 to 1949 he was a member of the Hospital Dental Service Committee of the American Dental As-

sociation. From 1946 to 1949 he was a member of the Council on Dental Education of the American Dental Association. He also served as the Chairman of the Internship and Residency Committee of the Council on Dental Education of the American Dental Association.

"Dr. Houghton is a Fellow of the American College of Dentists and the International College of Dentists. He is also a member of Omicron Kappa Upsilon, honorary dental fraternity.

"Dr. Houghton has given clinics and read papers before the Children's Dentistry Section of the American Dental Association, the Greater New York Meeting, the New Jersey State Dental Society, the Second District Society of New York, the Hospital Section of the American Association of Dental Schools, and the Navy Dental School, Bethesda, Maryland.

"Dr. Houghton was Vice-Chairman of the Crippled Childrens Committee of the Jersey City Lodge of Elks for 25 years. He was Secretary-Treasurer of the Jersey City Sunshine Camp for Physically Handicapped Children for 24 years. He was a member of the Advisory Board of Selective Service and was Chairman of the original Veteran's Administrative Advisory Committee.

"Dr. Houghton was appointed Dean of the School of Dentistry of Loyola University, New Orleans, in 1951. He is the Senior Visiting Dental Surgeon and Chief of the Loyola University Unit of the Charity Hospital of Louisiana in New Orleans. He is also the Area Dental Consultant for the Veterans Administration."

The National Alumni Association extends its heartiest compliments to

the New Jersey component group for establishing such a fine award. The Association also wishes to congratulate Dr. Houghton for the well deserved recognition that has been given him by his fellow alumni in his home state.

The following were elected to office for 1957:

President: A. R. Oliva '32.

President-Elect: Saul M. Gale '22.

Vice-President: Joseph J. Martini '34.

Treasurer: Samuel H. Byer '27.

Secretary: Alan A. Gale '50.

Executive Board: Winfield J. Atno '22, Benjamin Brown '28, Gerard A. Devlin '23.

Trustees for the Friedberg Memorial Award: Bernard Kniberg '28, William Joule '34, Robert Jernick '50, Milton Asbell '38.

He reviewed the recently published *Cotton Mather, First Significant Figure in American Medicine* by Otho T. Beal, Jr. and Richard H. Shryock. In his review Dr. Asbell stressed the fact that Mather should also be considered as a significant figure in American dentistry. His *Diary* and other writings contain a large number of references to dentistry.

Dr. Robinson Receives Gies Award

At the Convocation of the American College of Dentists held in Atlantic City on September 30 Dr. J. Ben Robinson '14 was the recipient of the William John Gies Award "in recognition of his leadership and meritorious service to his profession." In presenting Dr. Robinson for the Award, Dr. Kenneth C. Pruden, President of the College, said in part:

"That he has served as President of the American Association of Dental Schools; that he is an acknowledged leader among Dental School Deans; that he is a Past-President of the American College of Dentists; that he is a former Trustee and President of the American Dental Association—all of this range of service is indeed a notable index to his versatility, and as well to a recognition among men of his qualities in dynamic leadership.

"Dr. J. Ben Robinson is the chief formulator of much of the philosophy which was built into the *Requirements for the Approval of a Dental School*, and the forthright and stoutest contemporary champion of the autonomy of the dental profession."

The alumni congratulate the Dean Emeritus of their alma mater on this newest honor to be bestowed on him. Dr. Robinson has also received these important awards in dentistry: Alpha Omega Award (1941); the Alfred C. Fones Memorial Medal (1942); and the Callahan Award (1944).

The oldest living member of the North Carolina Dental Society, Dr. Smithwick had received during his long career many honors reflecting his status as an outstanding contributor to dentistry in North Carolina. Born in Warren County, N. C., in 1867, he attended Wake Forest College. For several years he was Chief Dental Surgeon to the State Penal Institutions and was a member of the Board of Directors of the State Hospital at Raleigh, 1937-40. He was President of the Seaboard Dental Society in 1911. Dr. Wilbur G. McFarland, Jr. '52 is a grandson of Dr. Smithwick.

Washington Alumni Breakfast Scheduled

The Twenty-Fifth Annual Post-graduate Clinic of the District of Columbia Dental Society will be held in March at the Shoreham Hotel. In association with this meeting the District of Columbia Section of the National Alumni Association is sponsoring a Maryland Breakfast to be held in the Blue Room of the Shoreham at 8:30 a.m. on Tuesday, March 12. This annual Washington break-

fast has continued to grow in stature and is now recognized as one of the leading alumni functions of the year. Dr. Melvin H. Colvin '28 is in charge of arrangements. His address is 435 7th St., S.W. (Na 8-5378). Dr. Colvin's committee is expecting an excellent turnout of enthusiastic alumni from the District, Maryland, Virginia and other nearby states.

Gentlemen:

Since 1910 it has been our great privilege to service the prosthetic needs of hundreds of Maryland Alumni throughout the United States and Latin America.

We are, of course, particularly interested in working with Maryland Alumni.

We sincerely hope that we may have the opportunity of demonstrating to you the prosthetic service that has made Co-operative one of the world's largest laboratories and a recognized leader in the field of quality prosthetics.

Sincerely yours,

ALUMNI SONS AT THE SCHOOL OF DENTISTRY

Throughout the history of the B. C. D. S. there has been a steady flow of sons to the alma mater of their fathers. The present student body contains fifteen sons of alumni: 2 freshmen; 3 sophomores; 4 juniors; and 6 seniors. The roster presented below lists the sons and their fathers, with the designation of the Class of each.

Class of 1957: John F. Black (Joseph H. Black—U. of M. 1935); Orville C. Hurst (Orville C. Hurst, deceased—U. of M. 1924); James V. L. Kiser (William R. Kiser—U. of M. 1923); Donald B. Lurie (Julius J. Lurie—U. of M. 1929); Elwood S. Snyder, Jr. (Elwood S. Snyder, Sr.—U. of M. 1931); Joel J. Ulanet (Louis Ulanet—U. of M. 1925).

Class of 1958: Thomas H. Birney (William J. Birney—U. of M. 1925); Robert S. Brown (Benjamin A. Brown — U. of M. 1928); Enrique

Capo (Enrique Capo — U. of M. 1925); Lee Eggnatz (Meyer Eggnatz —U. of M. 1928).

Class of 1959: G. Jackson Phillips, Jr. (G. Jackson Phillips, Sr.—U. of M. 1925); Donald D. Stegman (Frederick H. Stegman, deceased—B. C. D. S. 1919); Thomas A. Wilson (Harry D. Wilson—U. of M. 1924).

Class of 1960: James Mehring (Wilbur B. Mehring—U. of M. 1928); I. Robert Weiner (Simon L. Weiner—U. of M. 1929).

In addition to these sons of alumni there are 4 students who are sons of graduates of other dental schools: Charles D. Broe, Jr. '57 (Charles D. Broe, Sr.—Georgetown 1917); Walter Leonard '58 (Frank A. Leonard—Northwestern 1910); Wallace G. Lee '59 (Wallace E. Lee — Michigan 1927); Jorge Vendrell '59 (Jorge Vendrell—Pennsylvania 1928).

STUDENT ACTIVITIES

Freshman Class

"You think it's rough now—wait until next semester!" Thus predicted the veterans of the "1955-1956 campaign" about the past few months, and with a certain "Delphic" accuracy, their predictions became a reality.

There have been many academic high lights over the past few months, with a few social events at well-timed intervals. The second semester started off pleasantly with fraternity rushing, and after two weeks of "shrimp and beer," the Freshmen made their decisions.

March was highlighted by the famous skull practical, and the Freshman Dance. The dance was held at the Dixie Ballroom and, thanks to Hu Beasley and his committee, was very successful.

Somehow Easter passed, and May, with Neuroanatomy, made life a labyrinth of sulci and fasciculi. Some of us began thinking about summer jobs and others about summer school, but all looked back at the past year with relief and towards the next with anticipation.

Sophomore Class

With the first rays of warm sunshine, cloudless azure skies, and the typical congregation of boys in clinic gowns gathered in front of our building engaged in the discussion of their dental problems, one can't help realizing that spring is here to stay. We as Sophomores are aware of the fact that in a few weeks we shall be duly initiated into clinic work and that the basic principles and techniques we have been mastering on our lifeless,

insensitive patients will be applied to human beings who feel and respond in diverse ways.

As the long-awaited day draws nearer, we experience a mixture of emotions—anxiety, excitement, happiness and, last, but by no means least, a "pinch" of fear. Being aware of the duties and responsibilities that accompany clinical practice, we are prepared to overcome all obstacles.

Our most sincere gratitude to our teachers who so patiently have guided us by sharing their knowledge. They have labored long and hard on what must oftentimes have seemed a hopeless task.

Junior Class

In these closing days of the second semester, the members of the Junior Class are busily working to finish up their remaining clinical requirements. With the onset of the fine spring weather, it is becoming increasingly difficult to keep our minds on the clinic, with intramural sports occupying some of our leisure time.

It was in the second semester that we started our oral surgery work. After our first successful mandibular block, we considered ourselves adept surgeons; it was during our first complex molar extraction that we had our doubts.

The Class is proud of the record it has made in the School in the past three years. We are confident that our last year will see every member successfully passing his course work with pride and skill.

Senior Class

With graduation day less than two

months away, the big press to finish requirements is in full swing. Most of us could now use a few of the afternoons we procrastinated away earlier in the year. Nevertheless, the end to which we have been working for the last four years is almost in sight, and all of us are involved in a myriad of plans for the future. For many of us, these plans include Uncle Sam for the next two years at least.

Since Christmas the social life of the seniors has been in high gear also! There have been numerous parties, dinners, and other affairs—given, of course, by dental dealers, dental laboratories and insurance companies. This facet, at least, of a senior dental student's life we'll be sorry to give up in June. Of course, there has been the usual number of school dances, and we're looking forward to the Senior Dinner Dance in May which will be held at the Friendship International Airport.

The last four years, in retrospect, have passed by swiftly, but they contain a lot of pleasant memories, and a few annoying ones. We're grateful for the comprehensiveness of our academic education, though at times it seemed as if we'd never get past the basic principles. Now we're looking forward to putting these principles into practice and joining the alumni ranks of the Baltimore College of Dental Surgery.

The Newman Club

The Newman Club has become a strong link in the student life of its members here at the B. C. D. S. At the February monthly meeting the Club's chaplain, Rev. J. Schaffner, spoke to Club members and guests on "A Modern Catholic Looks at the

Bible." Dr. Wilbur Ramsey was the Club's guest speaker at the March meeting. After a buffet supper Dr. Ramsey enlightened student members, faculty, staff, and guests on "The Therapeutical Aspects of Hypnodontics." On Sunday, March 31, a Communion Mass and Breakfast were held. The Mass was said at the Cathedral. The breakfast followed at the Stafford Hotel. At the April meeting there will be a buffet supper followed by election of officers for next year. Along with all of these activities, the Newman Club of the B. C. D. S. is now an official member of the National Newman Club Federation.

With continuation of the support which we are receiving from students, alumni, faculty, and staff, the Club will continue to grow at the B. C. D. S.

Gorgas Odontological Society

The Gorgas Odontological Society held its first meeting of the new year at the Psi Omega house. The guest lecturer was Dr. George M. Anderson, who presented a fine collection of slides and comments on "What the General Practitioner Should Know about Orthodontics."

The February meeting was held at the Xi Psi Phi house. A demonstration of diamond instruments was given by the Starlite Diamond Company and samples of its product were given to the Society members.

In March, the annual election meeting was held at Roma Restaurant. Following a fine spaghetti dinner, the new officers were elected for 1957-58.

Many fine events are planned for the future, including the annual Spring Dinner Dance to be held at the Park Plaza Hotel on April 13.

The new officers and members of the Society offer their sincere wishes for success and good fortune to the graduating members of the Class of 1957.

Psi Omega

Like everyone else, the brothers of Psi Omega are looking forward to the coming of June, when the seniors will emerge from the School with bright new diplomas, and the members of the other classes will turn their attention to the next year. We shall be sorry to have our seniors go; the officers for the past year deserve much praise for their efforts in behalf of the chapter.

The Beaux Arts Ball and all the other parties were entertaining and well attended. We had a very successful rushing period, and we are happy to welcome the large group of new pledges, many of whom will be initiated following the Spring Initiation Banquet.

The biggest event on the social calendar is, of course, the Spring Formal, which will be held on April 27 at the beautiful new Chestnut Ridge Country Club. This is the climax of the Psi Omega social year, and no effort is being spared to make it an outstanding affair.

We regret that after a long period of service as our Deputy Councillor, Dr. Marion W. McCrea is leaving, but we are also glad because it is a step upward for him. We have a capable replacement in our new Deputy Councillor, Dr. Joseph Cappuccio.

Alpha Omega

The midpoint of the scholastic year found Alpha Omega numerically strong and actively participating in

all phases of fraternity life. On February 16, our annual Founders' Day Dinner-Dance was held at the Lord Baltimore Hotel. This affair has always been an outstanding success, and this year's affair followed the pattern set in previous years. Several informal house parties, as well as an Open-House, held jointly with Xi Psi Phi Fraternity, were held during the past several months. Plans are underway for making our Senior Banquet, to be held at the end of May, an event long to be remembered.

Our rush program was highly successful. Several well organized and planned rush functions were held, with the result that nineteen Freshmen and one Sophomore pledged Alpha Omega. The initiation will take place in the Fall of the year, an innovation from past years, when the initiation took place in the Spring.

Xi Psi Phi

Our second Annual Jazz Concert, held early in March, featured the "Greene Street 6 Plus 3," le jazz hot, and a wonderful evening for the large crowd in attendance. It would appear that this affair will become a ZIP tradition.

Rush week activities included Dr. Wilbur Ramsey's discussion of Hypnodontia with demonstrations on several unsuspecting freshmen. "Do It Yourself" night was a refreshing break for the overworked students and even convinced them that women aren't myths and still do exist!

At the Founders' Day Banquet we learned, to our regret, that Dr. Kenneth Randolph is leaving his office as Treasurer of the House Corporation. Our new house is evidence of his as-

tute management of our funds. The members and alumni wish him the best of luck in his new position as Head of the Department of Operative Dentistry at the West Virginia University School of Dentistry.

The main event of our social year is the Spring Formal, to be held on May 4 at the Lake View Country Club. Planning by the Committee ensures that this will be an affair that will be outstanding, with cock-tails, dinner and dancing as the main order of business.

June and graduation! To some of us that day is so far away, but to our seniors the time has almost come. Worries over requirements, the crown that wasn't quite right and the fluffs made in exams seem to take on lesser proportions, for the Glory Day is upon us. To our seniors may we say that we shall miss you and that we wish you all of the best that life has to offer.

Sigma Epsilon Delta

With only a little time remaining

in this school year the brothers of SED are busy finishing up their requirements. However, they have not disregarded the spring social calendar. There is a crab feast planned for the brothers and their wives and friends; also an outing is on the agenda to be held during the warm weather.

We have already had a fine party featuring a three-piece band. The brothers have planned a night-club get-together, which is a new addition to the SED list of social activities. The forthcoming initiation dinner is one of the high lights of the spring season and will be held at the Emerson Hotel.

The fraters of SED have dusted off their spikes and oiled their gloves in anticipation of some tough soft-ball competition this season.

We wish our departing senior brothers the best of luck for the future and our newly initiated brothers the best of success for their remaining years at the B. C. D. S.

DEATH OF DR. DABROWSKI '40

Dr. Benjamin A. Dabrowski, of Baltimore, Gold Medal Man of the Class of 1940, died on April 28. Dr. Dabrowski, Associate Professor of Oral Roentgenology, had been a member of the faculty of his alma mater since 1941. (A full obituary will appear in the next issue of the *Journal*.)

ALUMNI SECTION!

KYRLE W. PREIS '29, *Editor*

WHERE DO YOU STAND?

Your National Alumni Association had reached by April 1 the highest mark in paid memberships ever achieved by the Association. That amazingly impressive record was accomplished during the first three months of this year of 1957. There are nine months left in which to keep that record total moving up to a tremendously satisfying and encouraging figure. *Where Do You Stand?* If you are with us, you are helping to carry the ball. If you are not with us—*yet*—send in your membership dues of \$5.00 and join those who already know where they stand—for and with the Alumni Association of their alma mater.

With increased financial resources your Association will be enabled to promote more effectively the various projects it has already undertaken—the *Journal*, the Alumni Records, the ADA Breakfasts, and several minor activities. It will also be enabled to undertake the inauguration and promotion of many other projects that are now in the planning stage of development, particularly the organization of Alumni component societies in many states.

A TRIBUTE TO MISS TOOMEY

Throughout a lifetime, one meets people who, though not even relatives, form a great part in the individual's memory. Some of these can even fashion part of a life, so that the impact remains with one forever.

Such a one is Miss Katharine Toomey. It is trite indeed to merely say that she helped each and every one of us in one or a thousand ways. She did more than that; you become a part of her life, and people around her become a part of your life. In time, whether you realized it or not Kate had made you part of a circle or group of individuals who not only knew each other, but who worked together, played together, and sometimes even cried together. You didn't just know Kate—you became a part of a group of people who all knew her and loved her, and all of you were working with her, for her, or for each other. It is a remarkable thing when an individual can take others and make of them useful, wanted people. And Kate has done this through the years, with everyone, her wide range of acquaintances, in or out of the profession. This, then, is her magic, and this is the wonderful thing that has made our Kate, not a mere person to remember and visit, but an institution in herself, and one which will always be our fondest memory.

ALUMNI ACTIVITY IN RHODE ISLAND

Dr. Edward C. Morin '20, chairman of the Judicial Council of the Rhode Island State Dental Society is in the process of organizing an Alumni Chapter of the University of Maryland Dental School.

Among the many distinguished alumni of our School who are interested in establishing the Rhode Island section are: Dr. Edgar Bessette '32, Dr. Michael Messori '30, both of whom are past presidents of the R. I. State dental Society; also Dr. Pecosi '49, Dr. Weir '51, Dr. Calenda '46, Dr. Eugene Nelson '46, Decessare, Kanelos and many others.

The Alumni Association wishes them success and pledges our support.

ALUMNI BREAKFAST IN WASHINGTON

Sixty-six alumni of the B. C. D. S. attended the 1957 Maryland Breakfast held at the Shoreham Hotel on March 12, during the Twenty-fifth Postgraduate Clinic of the District of Columbia Dental Society. This year's affair was the best attended of the series of annual breakfasts. Thirty-three classes were represented by graduates who came from eleven states and the District.

Seated at the head table were Dr. Frank Hurst, President of the National Alumni Association; Dr. Daniel Shehan, President-Elect; Dr. Joseph Cappuccio, Secretary; Dean Myron Aisenberg; Miss Katharine Toomey; Dr. Daniel Lynch, Past President of the American Dental Association; Dr. Ernest M. Colvin, President-Elect of the District of Columbia Dental Society; and Dr. Melvin Colvin, Chairman of the Breakfast Committee.

Dr. Hurst introduced those at the head table. Dean Aisenberg reported to the group on the developing and the planned activities of the School. Miss Toomey was given the customary standing ovation as an enthusiastic expression of alumni affection for their great friend and devoted supporter. Dr. Hurst also presented the oldest graduate present, Dr. Walter Green '04, who for over half a century has contributed solidly to the promotion of alumni affairs.

Dr. Hurst commented on the overwhelmingly successful Atlantic City Alumni Breakfast and discussed plans for the Breakfast to be held during the A.D.A. Meeting in Miami. He stated that the number of paid-up members of the Association for 1957 has already surpassed the highest previous total.

Dr. Cappuccio spoke about the component groups of our alumni. He urged all present to work in their local areas for the organization of sections of the National Association. He pointed out that the D. C. group, under the very capable chairmanship of Dr. Melvin Colvin, had demonstrated by organizing the Washington Breakfast what a component section can accomplish.

ALUMNI MEETING IN PUERTO RICO

A high light of the 1957 meeting of the College of Dental Surgeons of Puerto Rico was the reunion of the graduates of the B. C. D. S. held at the Normandie Hotel in San Juan on January 24. Dr. Carlos F. Maristany '18, President of the Alumni Section of Puerto Rico, was unable to attend. In his absence, Dr. Lawrence J. Olson '44 presided at the luncheon and at the business meeting which followed. Besides the members, the luncheon was attended by Dr. Edward C. Dobbs '29, who participated in the association's program; Dr. Jose Medina '48 and Mrs. Medina; and Miss Katharine Toomey, who was the honored guest of the luncheon.

These members attended the luncheon:

- 1906—Oscar P. Monagas
- 1912—Joaquin Fernandez Carballo
- 1921—Francisco G. Garcia
- 1924—Cristino Munoz, Jr.

Freeman '08 of Madras, India

There are many graduates of the old B. C. D. S. who have gone to far-away places to practice their profession. But it would be difficult indeed to find an alumnus who has had a more unusual professional career than Dr. Max Lee Freeman of the B. C. D. S. Class of 1908. A native of Nova Scotia, Dr. Freeman practiced in Lunenburg, N. S., from 1908 till the end of 1910. Early in 1911 he removed to Madras, India, where he is still practicing at seventy. At the outbreak of World War I he was appointed Red Cross Dentist to the forces. In 1916 he received a commission as Major in the First Madras Guard, a local Defense Force regiment.

While Dr. Freeman has a "headquarters office" in Madras, he spends the months of April, May and June in Kodaikordl, situated in the Poluai hills, 7,500 feet above sea level. To this place come missionary folk from all over the East and Middle East for the summer season. The desire of these visitors to secure the services of a skillful dentist keeps Dr. Freeman very busy during the entire season.

Dr. Freeman describes his Madras clientele as "a very mixed bag." He has treated a queen, princess and princesses, viceroys, maharajahs, governors, and other important personages. So cosmopolitan is Madras that his patients of a single day may speak a dozen different languages. Since Dr. Freeman is the only qualified Western dentist in Madras, with a population of 2,000,000, and no other of his status is likely to be granted a license in the near future, he finds it very difficult to contemplate retirement.

Dr. Freeman is fond of tennis and hunting. He was a ranking tennis player for ten years and has hunted every kind of big game: elephant, bison, tiger, panther, etc.—a bag of three tigers in one morning, for instance.

Dr. Freeman married in 1914. Of two sons, the younger is practicing dentistry in London; the elder was killed in action in the late War while in command of a squadron of British bombers. There are also two girls in the family, plus eight grandchildren. Wouldn't it be a heartwarming experience for his classmates to be able to greet their faraway classmate at their golden anniversary reunion in June of next year!

Volk '51 Tennis Star

Dr. Kenneth W. Volk '51, of Baltimore, is probably the best tennis player among all of the B. C. D. S. alumni. He has won the Baltimore Men's Doubles seven times and the Baltimore Mixed Doubles three times. In doubles he has also won several club championships. A graduate of Western Maryland College, he played there for four years and had a string of twenty-eight straight wins. Dr. Volk was with the 96th Division in the invasion of Leyte and was wounded. He was hospitalized for two years.

Church '44 Member of G.W.U. Medical Faculty

Dr. Lloyd E. Church '44, of Bethesda, Md., is specializing in Oral Surgery. He interned at Bellevue Hospital, in New York, and was a Resident in Oral Surgery at the Medical College of Virginia. M.C.V., 1945-46; a Teaching Fellow in Anatomy at the George Washington University School of Medicine, 1951-52; and since 1952 has been a Clinical Instructor in Anatomy at G. W. U. He is Dental Chairman of the Maryland Division of the American Cancer Society and Dental Representative, since 1953, on the Medical Care Advisory Committee of Montgomery County. He served in the Army from 1946 to June, 1948. While in Japan he was assigned to Sugamo Prison, Tokyo, where he was the dental officer in charge of Tojo and all other war criminals, besides all judges and personnel assigned to the trials. He is on the Staffs of Suburban Hospital, Bethesda, and Montgomery County General Hospital, Olney. Dr. Church is a member of the American Association for the Advancement of Science, Federation Dentaire Internationale, Middle Atlantic Society of Oral Surgeons (Vice-President, 1956), American Academy of Oral Roentgenology, American Society of Oral Surgeons, International Association of Dental Research, International Anesthesia Research Society, American Society for Experimental Biology and Medicine, Sigma Xi, and American Society of Gerontology.

Gentlemen:

Since 1910 it has been our great privilege to service the prosthetic needs of hundreds of Maryland Alumni throughout the United States and Latin America.

We are, of course, particularly interested in working with Maryland Alumni.

We sincerely hope that we may have the opportunity of demonstrating to you the prosthetic service that has made Co-operative one of the world's largest laboratories and a recognized leader in the field of quality prosthetics.

Sincerely yours,

HARRY B. SCHWARTZ

You are cordially invited

The Endowment Fund of the National Alumni Association of the Baltimore College of Dental Surgery, Dental School, University of Maryland Inc., offers you an opportunity to closely identify yourself with the present and future of your alma mater.

There are many ways by which you can be of effective aid to your Alma Mater, such as an outright donation, an insurance policy, or a remembrance in your will.

Funds are needed for a research foundation, a rotating fund to help worthy students and scholarships.

All funds will be placed with the Mercantile-Safe Deposit and Trust Company of Baltimore, one of the most secure trust organizations of its kind in the South. These funds will be under the supervision of a rotating group of trustees, who are closely identified with the School and have its best interests at heart.

There are ten trustees, divided into two classes. The first class consists of four: the President of the National Alumni Association, the President-Elect of the Association, the Chairman of the Executive Committee of the Association, and the Dean of the Dental School. The second class consists of six alumni: three from Maryland and three from states other than Maryland, each elected for a term of three years.
